Overview

The Unilite ATEX-H2 Zone 0 LED Head Torch, an intrinsically safe head torch that delivers outstanding performance. The torch has an IP67 rating, so it provides outstanding protection against both dust and water. Submersible up to 1 meter. Rated to Zone 0 and UL Class 1 Div 1.

The ATEX-H2 has a safety locking battery compartment that takes 3 x AAA alkaline batteries (not included). A gas release valve allows it to be safely used in the most hazardous of conditions. A strong ABS & rubber housing provides superb protection and a fully adjustable silicone headband ensures a secure fit. The torch has 2 light settings and is controlled by an easy press rubberised switch.

- **Dimensions:** 80 x 50 x 45mm.
- **Weight:** 130g (without batteries).
