Overview

Specification

Honeywell Bionic 1011624 Clear Polycarbonate Face Shield is a high quality protective visor with extended top of head and chin protection. The large clear visor offers a wide field of vision and is also anti-fog, anti-scratch and impact resistant. It is easily adjustable, offering 2,784 possible user positions for maximum safety and comfort in use.

The face shield is large enough to be worn with other PPE for additional safety, for example goggles or respirators. It features extra-softy cushioning on all parts of the shield in contact with the wearer's head. The extra-soft adjustable headband can also be removed for easy cleaning.
