Overview

Specification

The Alpha Solway CMH8 Chemical Splash Hood with Neck & Shoulder Cape, Apron Front, Anti-Mist Visor & Ventilation Ports guards against chemical splashes to the head and face, and is designed to be worn with other Chemmaster protective clothing. This model is made from highly durable tear and abrasion resistant green PVC material with stitched and high frequency welded seams. Provides excellent resistance against acids, alkalis and common industrial chemicals. Conforms to BS EN 467-1995 European standards.
