Overview

Specification

The Portwest H441 High Visibility Rain Trousers are lightweight, practical water resistant work trousers. Designed to be worn over trousers or jeans, they will keep you warm and dry whatever the weather. Ideal for outdoor work, for example building, construction, highway maintenance and more. Can be combined with the Portwest S440 High Visibility Rain Jacket for full head-to-toe protection.

The trousers are made from 190T plain weave yarn (100% polyester, PVC coated 200gsm). The design also features twin stitched seams for durability and stud adjustable hems for a secure fit. The trousers have a generous fit and elasticated waistband, so they are comfortable to wear. Easy to care for and machine washable up to 40°C.
