Overview

The DuPont Tyvek IsoClean Slip Retardant Boot Cover delivers an ideal balance of protection, durability and comfort. These boot covers complete with ties are designed to fit up to size 13 1/2 shoes.

Made of high density polyethylene using a patented flash spinning process. Tyvek IsoClean provides an inherent barrier to particles, microorganisms and non-hazardous water-based light liquid splashes. These garments are also breathable and exceptionally low linting.

Tyvek IsoClean garments and accessories are neither clean-processed nor gamma-irradiated, but manufactured in a controlled environment. Garments and accessories made of Tyvek IsoClean are typically used in clean rooms in the biotech, pharmaceutical, medical device manufacturing, food processing, cosmetics industry, electronic industries as well as in other critical or controlled environments.

Sold individually - please order the quantity needed.
